*DEAR ELAINE,  
How much ozone is  
depleted when my  
husband enjoys sex  
with my best friend?  
-Each Arousal Risks  
Terrestrial Harm*

DEAR EARTH,  
I understand it's  
impossible to limit  
another human's  
erotic life. That said, I  
want you to practice a  
little control and stop  
these rendezvous.  
Yes, people often  
think "It doesn't get  
more natural than  
sex." But in fact, sex is  
quite problematic and  
we need to get away  
from it or there will be  
devastating and tragic  
consequences. Sex-  
driven hormones are  
excreted into the eco-  
system where they  
strangle fish and  
never biodegrade.  
Hormones should be  
in our landfills. At  
least make sure your  
husband and best  
friend are using lube  
that contains known  
carcinogens and  
preservatives, like  
parabens, which act as  
endocrine disruptors.

*DEAR ELAINE,  
What do you call a  
boomerang that  
doesn't work? What  
do you get when you*

*cross a snowman with  
a vampire? What lies  
at the bottom of the  
ocean and twitches?  
Where do you find a  
dog with no legs? Why  
do gorillas have big  
nostrils? What do fish  
say when they hit a  
concrete wall? How do  
you catch a unique  
rabbit? What did one  
snowman say to the  
other snowman?  
-Curious*

DEAR C,  
A stick. Frostbite. A  
nervous wreck. Right  
where you left him.  
Because they have big  
fingers. Dam. Unique  
up on it. Tame way,  
unique up on it. Smells  
like carrots.

*DEAR ELAINE,  
Can you tell me a bit  
about the Gnostic  
symbolism clearly  
present in the  
Obamacare logo?  
-State Empowers  
Empire to Kill*

*DEAR SEEK,*  
Of course! As a  
politically correct  
environmentalist, I  
live by manipulating  
symbols! The winged  
staff with copulating  
serpents wrapped  
around it in the  
Obamacare logo is the  
Caduceus symbol,  
identified with the  
Greek god, Hermes.  
The cult of Hermes  
Trimegistus (thrice  
great) was one of the  
main inputs into  
Gnostic belief.  
Remember, contrary  
to popular opinion,  
bizarre ritual is not  
required to practice  
the occult. These days,  
anyone can have a  
Gnostic belief system,  
even if she looks as  
ordinary as your next-  
door neighbor.
